The Reason Why

Ayer's Pills are so popular is, that while always reliable as a cathartic medicine, they never leave any ill effects. This is because they are purely vegetable, and entirely free from calc mel or any other dangerous drug. In all cases, therefore, whether the nationt be old or young, they may be confidently administered.

In the Southern and Western States, where derangements of the liver are so general, Ayer's Pills have proved an inmable blessing. D. W. Baine, New Berne, N. C., writes:

"I suffered a long time with stomach and liver troubles. I tried various remedies, but received no benefit until I commenced taking Ayer's Pilis. These pills benefited me at once. I took them regularly for a few months, and my health was completely restored."

Throughout New England, next to lung diseases, Stomach and Bowel Complaints are the most prevalent.

Dyspepsia

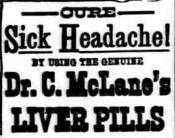

and Constipation are almost universal. Mr. Gallacher, a practical chemist, of Roxbury, Mass., who was long troubled

"A friend induced me to try Ayer's "A friend induced me to try Ayer's Pills, and, after taking one box without much benefit, I was disposed to quit them; but he urged perseverance, and, before I had finished the second box, I began to experience relief. I continued taking them, at intervais, until I had used eleven boxes. Suffice it to say, that I am now a well man, and grateful to your chemistry, which outstrips mine."

The head and stomach are always in sympathy; hence the cause of most of those distressing headaches, to which so many, especially women, are subject. Mrs. Harriet A. Marble, of Poughkeepsie, N. V., writes that for years she was a martyr to headache, and never found anything to give her more than tem-porary relief, until she began taking Ayer's Pills, since which she has been in the enjoyment of perfect health.

HELP ONE ANOTHER.

"Help one another," the snowflake said, As they cuddled down in their fleecy bed; "One of us here would not be felt. One of us here would quickly melt; But I'll help you and you'll help me, And then what a big white drift we'll see."

"Help one another," the maple spray Said to its fellow leaves one day;
"The sun would wither me here alone,
Long enough ere the day is gone;
But I'll bely you and you help me.

And then what a spiendid shade there'll be!" "Help or another," the dewdrop cried, Seeing another drop close to its side:

This warm south breeze would drive me away.

And I should be gone ere meen to today: And I'll help you and help you me

And we'll make a brook and run to the sea." "Help one another," a grain of sand Said to another grain just at hand;
"The wind may carry use over the sea. And then, O, what will become of me But come, my brother, give me your hand; We'll build a mountain and there we'll stand."

A Dangerous Surgical Operation. A fatal mistake. At the time Dr. Vance, of Cleveland, performed the operation on the lady for the removal of a cancer of the stomach he found when too late that the poor woman had no cancer to be removed. The disease was indigestion, and if she had taken the Shaker Extract of Roots (Siegel's Syrup) that awful distress at the pit of the stomach, which made the doctors think she had cancer, would have been removed. Distress after eating, dull, heavy feeling in the head, with pains in the side and back all vanish after using this wonderful remedy. The tired, languid feeling gives place to strength and vigor. Mrs. Delia Marsh writes from Pea Ridge, Benton county, Ark., that she had dyspep-sia in the worst form for five years, and

that nothing gave any relief until she used the Siegel Syrup.
